Purpose and Recommendation

The purpose of this agenda item is to recommend City Council approval of two appointments to the City of Des Moines Arts Commission.

Motion: "I move to confirm the Mayoral appointments of Collette Deardorff and Chris Lewandowski to the Des Moines Arts Commission effective January 1, 2014 which will expire on December 31, 2016."

Background

The City Council adopted Ordinance No. 06-1393 establishing the Des Moines Arts Commission in November 30, 2006. The nine Arts Commission positions were appointed in February 2007. The terms were staggered so that six positions are retained each year and three positions expire each year on December 31.

The Arts Commission was created to:

- (1) Represent the interest of the city in matters of the arts, to be a spokes group for the arts in the city and to keep the city council informed on all such related matters.
- (2) Evaluate, prioritize, and make recommendations on funding for cultural arts needs within the city.
- (3) Review and recommend works of art for the city, especially works to be acquired through appropriations set aside from municipal construction projects. Local artists will be encouraged and given equal consideration for these projects.
- (4) Inform, assist, sponsor or coordinate with arts organizations, artists, or others interested in the cultural advancement of the community.
- (5) Encourage and aid programs for the cultural enrichment of the citizens of Des Moines and encourage more public visibility of the arts.
- (6) Develop cooperation with schools, local, regional, state and national arts organizations.
- (7) Obtain private, local, regional, state or federal funds to promote arts projects within the Des Moines community.

Discussion

This agenda seeks confirmation of the Mayoral appointment of applicants and to the Des Moines Arts Commission effective January 1, 2014, which will expire on December 31, 2016. Collette Deardorff and Chris Lewandowski are residents of Des Moines. DMMC 4.56.040 allows for up to two non-resident appointments on the Arts Commission. As of January 1, 2014, there are currently no other non-residents on the Commission.

Purpose and Recommendation

The purpose of this agenda item is to seek Council approval of the Interlocal Agreement authorizing the City of Des Moines to continue to provide Municipal Court services and facilities to the City of Normandy Park.

Suggested Motion

Motion: "I move to approve the Interlocal Agreement between the City of Normandy Park and the City of Des Moines for Municipal Court services and facilities and to authorize the City Manager to sign the Agreement substantially in the form as submitted."

Background

The current Interlocal Agreement authorizing the City of Des Moines to provide Municipal Court services to the City of Normandy Park expires on December 31, 2013. Both cities have been satisfied with the current arrangement and would like to renew the agreement. This updated ILA provides the same general terms and will allow the Des Moines Municipal Court to provide services and facilities to the City of Normandy Park until 2018.

Discussion

The City of Normandy Park would like to continue court services with the Des Moines Municipal Court. The current rates Des Moines charges for criminal cases are \$183.16 and \$52.52 for infraction cases. In the contract there is a 3.5 % yearly increase to the current rate. The rate for 2014 will be \$189.57 for criminal cases and \$54.35 for infraction cases. In determining what to charge Normandy Park for services, the Court took the historic number of cases that Normandy Park had filed in the District Court and compared those cases with the Des Moines cases filed in the Des Moines Court. It was determined that Normandy Park's filings equaled approximately thirteen percent of the Des Moines filings. Since no additional costs would be incurred to provide court services to Normandy Park, the rates were simply set to recover ten percent of the court's budget.

The Court worked with the Finance department to calculate the billable hour rates for these services. The billable rate includes the Municipal court staff. This rate also includes the overhead for the city which would include: liability insurance, computer maintenance, equipment maintenance, equipment replacement, etc.

Normandy Park is required to receive 100% of the local revenue. However, since Normandy Park does not provide probation services and our court provides bench monitored probation for all the Normandy Park cases, the court is entitled to keep these revenues pursuant to RCW 3.62.070 and RCW 39.24.180. The estimated revenue for the probation is \$19,000.

Normandy Park is in agreement with the fee increase and the Court keeping the probation revenues.

Alternatives

Decline to provide court services for Normandy Park.

Financial Impact

The net revenue of this service will be about \$45,000 a year depending on the number of citations plus \$20,000 for probation revenue.

Recommendation or Conclusion

Approve the Interlocal Agreement.

Purpose and Recommendation

The purpose of this agenda item is to facilitate City Council discussion and selection of one of the proposals—one from Destination Des Moines and one from the Waterland Foundation—to conduct the 2014 Waterland Festival.

Suggested Motion

None offered

Background

At the October 24, 2013 City Council meeting, Tony Hettler, representing Destination Des Moines, and Toni Overmyer, representing what is now called the Waterland Foundation, expressed interest in having their organizations conduct the 2014 Waterland Festival.

Discussion

After Mr. Hettler and Ms. Overmyer made their comments regarding the 2014 Waterland Festival at the October 24th meeting, Mayor Kaplan suggested that each organization submit a proposal to the City Council for consideration. Mayor Kaplan distributed a set of guidelines that detailed what each proposal needed to address (see attachment 1). A proposal from each organization was received on November 22nd (see attachments 3 and 4).

An evaluation worksheet (see attachment 2) was also develop for each Councilmember to rate each proposal in six different weighted criteria on a scale of 1-10, with 1 being “poor” and 10 being “excellent”. Both organizations will make a presentation on their proposal at the December 12th City Council meeting.

Alternatives

None.

Financial Impact

Staff estimates that the City’s costs to support the Waterland Parade on parade day (these figures do not include support of any other event and do not include planning activities prior to parade day) in 2014 would be as follows:

Public Works - \$2,400
 Barricades - \$2,700
 Honey Buckets - \$700
 Police - \$5,000

Recommendation or Conclusion

None.

Concurrence

None.

WATERLAND FESTIVAL 2014

The City of Des Moines needs to know that whichever organization is going to head up Waterland is going to be capable of delivering. Therefore I propose the following ...

A full, complete and comprehensive proposal be submitted by each organization looking to be in charge of the events.

A full, complete and comprehensive proposal shall include:

- An initial list of all Waterland activities being planned for
- An initial list of dates/times for all Waterland activities
- A comprehensive budget outlining all revenues and all expenditures, with a detailed listing of revenue sources
- A detailed list of all City or public venues expected to be used
- A detailed list of services expected to be provided by the City, and approximate dollar value
- A detailed list of individuals serving as chair and on the Board of each organization, and their role in planning and implementing the Waterland activities
- A list of partnering organizations for which there is written documentation confirming those relationships
- A comprehensive plan on the sources, recruitment and management of volunteers
- A comprehensive marketing plan for Waterland activities, and how it would be funded
- Any other documentation that each organization feels would lend weight to its proposal

Proposals should be submitted to Des Moines City Manager Tony Piasecki no later than close of business, 4:30pm, Friday, November 22, 2013. Proposals may be submitted in writing or electronically.

Waterland Proposal
Evaluation Worksheet

Organization _____

Criteria	Score (1-10)	Weight	Score
Parade Event		30%	
Other Events		10%	
Financial Proposal*		25%	
Marketing Plan		15%	
Governance Structure		10%	
Intangibles		10%	
Total			

*Includes budget, revenues, sponsors and requested City support

Rate each criteria on a scale of 1-10 with 1 being poor and 10 being excellent. Multiply each rating by the weight percentage to get the overall score for that criteria. For example, a rating of 5 for the Parade Event would be multiplied by .3, resulting in a score of 1.5

2014 Des Moines Waterland Festival

July 18—20, 2014

The City of Des Moines for many years has provided the community and its citizens with the opportunity to stage events that reflect the History and Pride of this wonderful City. Those who came before us set a standard for success in organizing and promoting The Waterland Festival. It has been the goal of Destination Des Moines to honor those who came before us and reintroduce the Waterland Festival in a manner that recognizes the importance of families, business owners, and the rich history within our community.

In 2014 Destination Des Moines will rollout the “New” version of the Waterland Festival that will be able to be built upon for future generations to enjoy. This Family-Centered festival, which will continue to be a Seafair Sanctioned Event that features the Children’s Parade, Waterland Parade, Children’s Carnival, Old Fashion Picnic and Ice Cream Social, Softball Games, the Waterland 5K Run, Taste of Des Moines, Des Moines Classic Car and Wooden Boat Show and a Dart Tournament. Focusing on entertainment and activities for the enjoyment of all ages.

Destination Des Moines is blessed to have members and volunteers with a vast array of experience in organizing and promoting events. From Anna Bjerneby and Fran Woodard’s involvement with the Waterland Festival and Parade to Cass Pringles 25 year history in working with the Renton River Days Festival, our entire team is well qualified to not only meet the challenge of producing a great Waterland Festival, but also with professionalism and pride.

In keeping with our Mission Statement of developing partnerships with local businesses and non-profit organizations, including Seattle Southside, Southwest Chamber of Commerce, Des Moines Art Commission and many others; Destination Des Moines will deliver the City of Des Moines and its residents a Festival that we will make everyone proud.

Sources, Recruitment and Management of Volunteers

Sources of Recruitment:

In addition to new volunteer candidate referrals stemming from within its existing leadership and membership base, Destination Des Moines (DDM) has identified and is focusing its volunteer recruiting efforts toward a number of viable sources within the local community. These include, but are not limited to: Local Businesses that are not currently members of DDM; Highline Community College; Mt. Rainier High School (and other schools as appropriate); Local Churches (inclusive of all religions/denominations); Local Fraternal Organizations and other Community/Business/Economic Development groups.

- **Local Businesses not Currently Members of DDM:** Local businesses, particularly in areas outside of the Marina District such as along Highway 99, stand to benefit from involvement with DDM and its Waterland events through enhancing their visibility to residents in neighborhoods near the Marina District and the Redondo area. Many residents of these areas are drawn to Burien and Federal Way due to the density of shopping and dining opportunities and may not be aware of the diversity of options within their own community.
- **Highline Community College (HCC):** HCC provides a consolidated pool of department personnel and students with expertise, knowledge and experience in a variety of skill sets. Involvement with DDM offers professional educators, instructors and department personnel an opportunity to apply those skill sets in ways that benefit the local community in a philanthropic manner. Students can gain real-world experience by applying the skills and knowledge they are developing in a valuable and meaningful way and in some cases may find these to be opportunities for fulfilling course-related projects and/or additional credits.
- **Mt. Rainier High School and Others Schools as Appropriate:** As with HCC, educators and students from our local schools can realize opportunities for personal and student growth through volunteer activities. DDM offers them opportunities that are both tangible and meaningful to them as local residents.

- **Local Churches:** The Des Moines area is home to a variety of houses of worship. DDM is not a religiously affiliated organization and is open inclusively to members from all walks of life. Diversity is a key component to the future of Des Moines and DDM can offer these organizations a variety of opportunities to enhance their visibility within the community and contribute to the community in social/charitable ways that are important to many of these groups.
- **Local Fraternal Organizations and other Business/Community and Economic Development Groups:** DDM is an organization that gets things done and can work in partnership with other organizations. By drawing volunteers from other organizations in a non-competitive manner, DDM can not only tap into a broad talent pool and range of skill sets, but can build efficiencies into local event planning, scheduling and execution. In addition, these types of organizational relationships can serve as a catalyst within the community to bring together disparate organizations that currently operate from a competitive paradigm. Competitive and personal gain practices are fine in the business world, but do not serve in a community's best interests when they are applied within Destination Marketing Organizations and Community Development Organizations. DDM intends to work with others to ignite that catalyst.

Recruitment and Management of Volunteers:

Currently, the revitalized and FULL Board of DDM has tasked each of its Board members to bring in three-to-five new volunteers. Additionally, a robust database and communication strategy has been implemented to manage membership communications, as well as manage recruiting activities focused on the target recruitment groups mentioned above.

A Board member is working with the Communications Committee Chair to identify the interests of individual members in terms of volunteer opportunities, and also venue opportunities derived from memberships gained from the target recruitment groups mentioned above. The information retained within the database for use in matching the appropriate numbers and individuals of volunteers for each event, as well as venue opportunities.

DDM's growth strategy includes a move toward a paid Executive Director position to handle organizational management, outreach and communication activities on a full-time basis. These activities include:

- Membership management and communications
- Partnership building with local businesses and other organizations
- Promotion of local business activity
- Development of networking programs
- Coordination of fund raising, promotions and marketing
- Interfacing with City of Des Moines Government and DDM Board/Committees

The Executive Director will be fully supported by the DDM Board and subordinate committees

 John L. Scott Des Moines

When it comes to success in any area or endeavor, the first thing to determine is whether or not those we are associating with are team players. One of the traits that I have learned and embraced during my formative years was the importance of team work. From participating in sports through a career in the Army Security Agency in the early 70's. The concept of team work has been molded into all corners of my life.

As graduate of the Albers School of Business at Seattle University in 1978, with a degree in Marketing, my goal has been to bring fresh and new ideas to the marketplace. I began my sales career with Spider Staging Scaffolding in 1979 and held positions of salesperson, Branch Manager, Regional Sales Manager and Vice President Sales and Marketing. In 1989 I continued my sales career in real estate with John L. Scott and in 2006 I purchased the John L. Scott office in Des Moines from John L. Scott Corp.

My passion for sports led to coaching youth sports over 45 years ago. I have coached baseball for South Highline Little League, Burien Pony League, American Legion Baseball, and for 5 years at Evergreen High School. In addition to baseball, I also coached basketball for the YMCA, Boy's and Girl's Clubs in California and Southwest King County, as well as the Des Moines Rec League. The skills I have learned and developed from coaching over these 45 plus years have been a valuable asset to not only my career but also to those that I have been privileged to coach and train in the business world.

Along with my 20 fellow brokers at John L. Scott Des Moines, we support many local activities and charities, by preparing 2 meals annually for the Ronald McDonald's House, Waterland 5k Run, Fireworks Over Des Moines, Waterland Parade, Christmas Tree Lighting and the Trick or Treat Path, Doctors Without Borders, as well as supporting the efforts of other non-profit organizations by attending their auctions and events. It is a principal of our Core Value that we give back to our community by working diligently for the success of the community and the local businesses.

Through my membership with the Des Moines Rotary Club I have Chaired the Promotions and Marketing position for the Poverty Bay Wine Festival (2013) and the Poverty Bay Blues and Brew Festival (2012) and still participate as a committee member for both events.

My family and I have been residents in the Normandy Park and Des Moines area for over 25 years and we enjoy all that Des Moines and Southwest King County have to offer.

Jill Pritchard is the Owner/Social Maven of The Scotch and Vine with her husband, David, and in her spare time, works at The Boeing Company.

 PLEASE CONSIDER THE ENVIRONMENT BEFORE PRINTING

Purpose

This proposal is being submitted at the request of the Des Moines City Council. Waterland Foundation has requested that the Des Moines City Council allow a new foundation to organize and manage the Waterland Parade and like events from now and into the future.

The intent is to complete formation of Waterland Foundation, as an LLC nonprofit 501c3 umbrella organization that will focus on sustaining the Waterland Parade and related events by June 2014. This status will allow the organization to seek corporate grants, sponsors & donations in addition to local and smaller businesses support. Additional benefits are the ability to seek funds from private sponsorships, non-taxable donations, and like-minded funds. The theory is that seeking this type of funding will allow Waterland Foundation to ultimately become a self-sustaining entity.

It is the goal of Waterland Foundation that these funds over the next years will increase and become stable. This will allow the foundation to transition to be more self-sustaining therefore relying less and less on in-kind services requested from the City of Des Moines. Waterland Foundation will provide a permanent and stable home for Waterland Celebrations throughout the years to come.

Another effort is assemble a team of individuals to assist with planning and implementation of events. Developing internships will provide a mutually beneficial working relationship for both the individual and Waterland Foundation. Coordinating volunteers and providing tools and information necessary to be successful in the duties assigned. Appreciation and recognition are very important in retaining volunteers. Waterland Foundation will work to provide a working environment that encourages enthusiasm, diversity and sharing of knowledge and skills.

The ultimate purposes of Waterland Foundation, and all Waterland Events, are to assist in building a sense of community within the city of Des Moines that promotes pride, fun camaraderie and safety. To champion an annual celebration that appeals to all regardless of age, economic or social status, ethnicity or ability. Lastly, being an ambassador for Des Moines promoting our community by traveling and participating in other parades and events within the Pacific Northwest region encouraging others to visit.

Background

Toni Overmyer ~ was invited to assist with the parade three years ago by the current umbrella organization, Destination Des Moines. The chairperson at that time had announced retirement. The following year she was asked to become the Chairperson for the Waterland Parade and upon acceptance fell in love with almost every aspect of it.

Together with Seafair's assistance she began developing a vision for the parade. Toni was learning the importance of community events and engagement for the welfare of our City. She began and continues to cultivate ideas of opportunities, partnerships with other nonprofit groups, private and public organizations, etc. It became very clear that Waterland Events would benefit more from a stand-alone organization with nonprofit tax status as a 501c3 verses a 501c6

Toni has over sixteen years of experience working with nonprofits, has chaired numerous events, and has served on many Boards including, Waterland Parade, Des Moines Metropolitan Pool District Commissioner, Destination Des Moines, Des Moines Yacht Club, Hi-liner's Musical Theatre, Son's of Norway, Woodmont PTA, Snohomish County Police Auxiliary and GTE's liaison with United Way. Professionally she has experience in Marketing and Event Management with US Military Base Exchanges and much more. One thing Toni is particularly proud of this past year was being awarded the "Outstanding Performance & Contribution" award by the Federal Way School District acknowledging her efforts in helping to fundraise nearly \$9000 to purchase iPads for Woodmont Elementary School students. This was done while simultaneously planning the Waterland Parade. Toni Overmyer is more than qualified to embark on the endeavor of forming and planning Waterland Foundation and all of it's events.

Brenda Anders has decided to come back to volunteering after taking a much deserved break from volunteering. Brenda has over 18 years of experience working with nonprofits within the City of Des Moines. She was the Waterland Festival Director in 2004 and served on many Festival committees prior to that. She has served on many Boards including, Destination Des Moines, Des Moines Legacy Foundation, Des Moines Human Services Committee, Job's Daughters Bethel #75, Des Moines Junior Football, Parkside PTA. Professionally Brenda has experience with marketing, accounting, auditing and as a trainer and much more. She is more than qualified to embark on this endeavor.

Toni and Brenda are excited to work together to build a team and foundation that will support Waterland Events from now into the future. They look forward to giving the residence of Des Moines a venue to build family traditions and community relationships along the way.

Seafair provides the Waterland Parade with forty Marshals that organize and manage the parade participants, route and planning. Waterland Foundation intends to ask for volunteer support from diverse groups of community organizations including, schools, churches, service organization and clubs, youth groups, nonprofit organizations, businesses large and small.

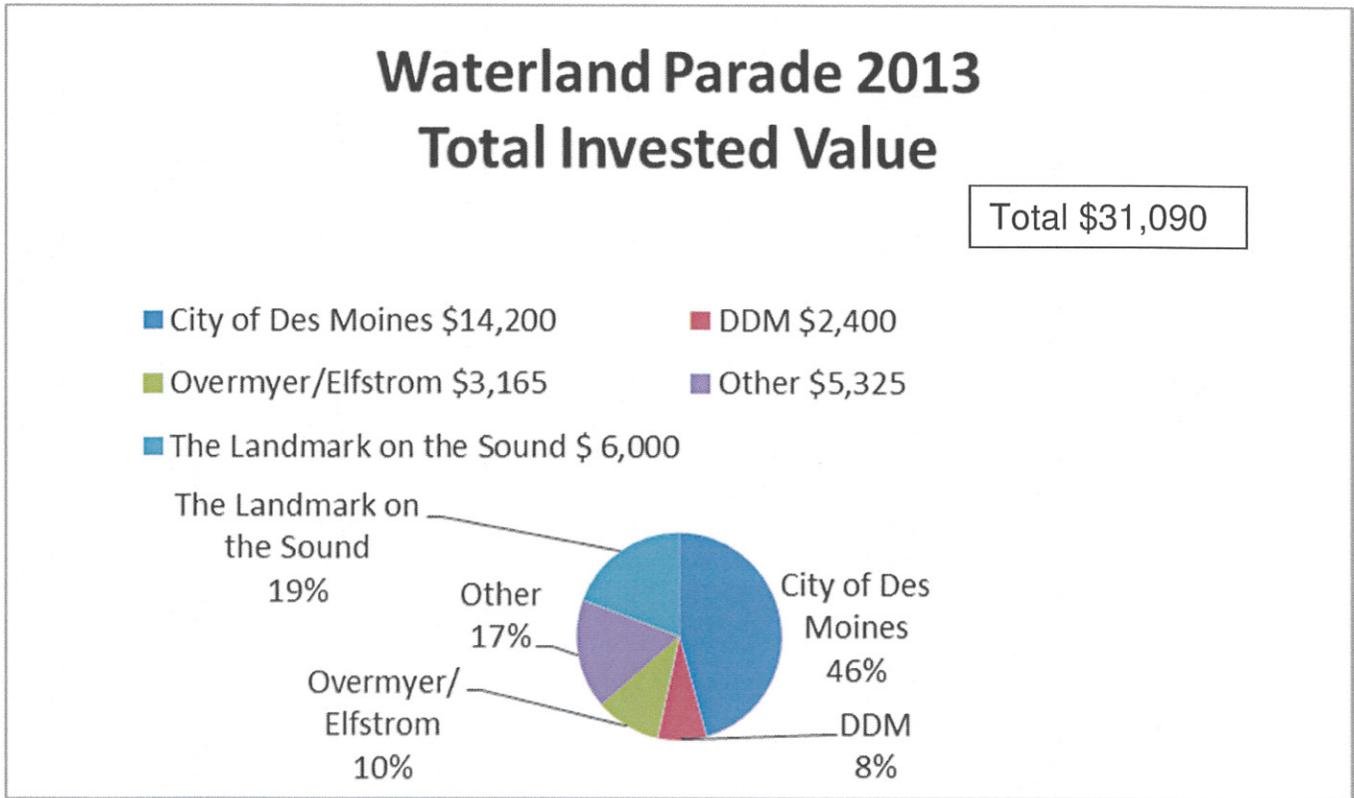

To successfully manage volunteers it is essential to provide volunteers with the tools and information necessary to be successful in the duties assigned. 9. A comprehensive marketing plan of Waterland activities and how it will be funded ~

The “total invested value” chart shows the combined in-kind and monetary amounts put forth to allow the Waterland Parade to happen. It is clear that the City of Des Moines is still the largest contributor to the event. Waterland Foundation is looking forward to alleviating this burden in the future while carrying forth Waterland traditions.

The “total invested in-kind” chart demonstrates how important partnerships are in the success of community events. Because of the 501c6 designation this is the only way nearly 50% of support could be given. Creating a 501c3 will allow Waterland Foundation to seek funding from sources that our community has not been able to tap into. In King County alone, there are over \$60,000,000,000 of registered assests tied to private foundations that support those in need *. This is not including corporate community grants and other private or public entities that have available funds for communitis such as ours to ask for.

*<http://nccsdataweb.urban.org/PubApps/geoShowOrgs.php?id=C53033&code=C53033&v=n>

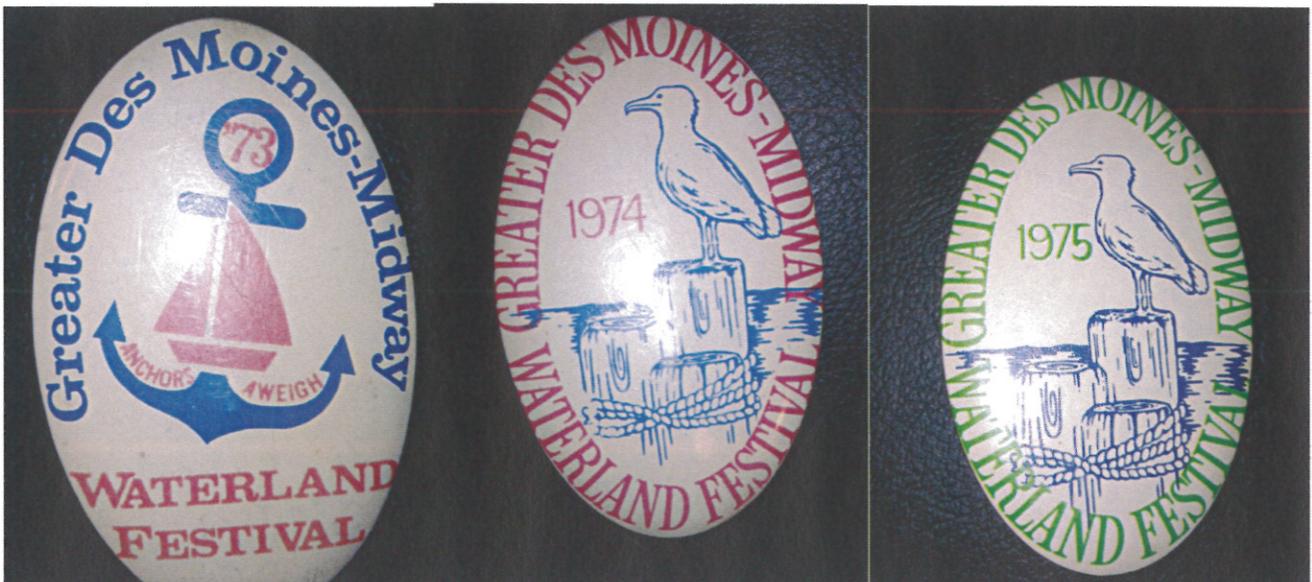

The total “invested paid chart” illustrates that out of the \$31,090 only \$3,415 was actual cash funds. The biggest difference you will see between 2013 and the 2014 marketing strategies are that Waterland Foundation will be actively seeking a more diversified funding base including all of the sources we have mentioned throughout this proposal. By reaching beyond the geographical area of Des Moines we hope to give some relief to local businesses who support many events and charities all year. We anticipate that raising \$5,000, \$10,000 even \$30,000 in a few years will cover all of the costs of the parade.

Marketing Outreach would include

1. Seafair family events
2. Direct marketing to major corporations
3. Solicitation of sponsorships
4. Digital media
5. Social media
6. Radio
7. Comcast Cares
8. Button raffle
9. Posters
10. Will keep pace with new marketing trends

Re: Waterland Parade 2013 After Action Report

Pre-event Planning

The only planning meeting was held with Destination Des Moines representatives and the affected City departments in late June at the police department. Several logistical issues were addressed and worked out during this meeting. All additional details and confirmations of the items discussed at the planning meeting were handled via email and phone. My only suggestion would be this meeting be held earlier in June to allow a little more time for details to be addressed.

The Incident Action Plan and police department employee scheduling was completed and distributed to all affected supervisors and employees.

Pre-event Action

Traffic cones and barricades were distributed at the direction of Public Works the day prior to the Parade. The cones and barricades were distributed at or near each intersection so officers didn't need to carry or transport the items to needed locations. Media releases and other forms of notification of the parade were distributed and set up well in advance to advise citizens and motorists of the event. The temporary no parking signs were never placed on Marine View Drive and we had several vehicles parked along the parade route in the 22300 block of Marine View Dr. S. This required the dayshift patrol officers to continuously check the area and cone off the parking spaces as they became vacant on the day of the event. This situation did create a potential hazard should someone have attempted to remove their vehicle that was parked on the parade route while the parade was in progress.

All assigned police department staff had a briefing at 1600 hrs to cover the parade details. Officers were at their assigned locations by 1630 hrs and preparing for their event duties.

As officers assigned along the parade route began blocking and coning intersections, it was determined there was a shortage of cones and barricades. Not all intersections had a road closed barricade for each direction and several cones were used from patrol cars to make certain the intersections were completely and safely blocked from vehicular traffic.

As in past years, we began closing Marine View Drive at 1645 hours, with complete closure scheduled for 1715 hours. As a result of the high volume of foot traffic in the Marina District and floats and parade participants on the roadway in the staging area, I directed the complete closure at approximately 1700 hours to avoid any incidents or accidents.

Public works proceeded from the south to north on Marine View Dr. S. closing the private and commercial driveways. A few of the private drives were bypassed and had to be closed later by police. One driveway at Judson Park was not block and no cones were left to complete the closure allowing for traffic to exit the parking lot onto Marine View Dr. S. Once noticed by officers, the driveway was blocked using PD cones.

As public works employees set up the detour route two issues were noted. The detour sign on Kent Des Moines Rd. to detour traffic north onto 16 Ave. S. was not in place. This resulted in high volumes of traffic at the hard closure at Kent Des Moines Rd. and 10 Ave. S. Once this error was noticed by officers, the sign was properly erected and traffic then followed the designated detour route. Second, the detour sign set up at 11 Ave. S. and S. 219 St. was set up to route all traffic west to Marine View Dr. S. This again resulted in large volumes of traffic at the intersection of S. 219 St. and Marine View Dr. S. that had to turn around and go back to the east. Once this was noticed, officers corrected the sign and directed the traffic northbound on 11 Ave. S. as intended. The on duty patrol supervisor noted this detour route created a large back up of traffic all along 16 Ave. S.

The staging area supervisor noted some concerns. He said while Marine View Dr. S. was open to vehicle traffic, many of the parade participants were in the roadway practicing their routines and large floats were staged blocking traveled portions of the roadway. He stated he felt this was a significant hazard as normal traffic was trying to make their way around the large floats staged in the roadway and the foot participants. He also stated it was hazardous due to some of the large floats moving around the foot participants to their staging location such as the Cleanscapes truck and Seafair Pirates. He stated the check in process at the Landmark did not work out well. He said many entrants drove to the area of the check in and then did not have appropriate parking for their vehicles. This created a situation where several vehicles were parked along S. 240 St. and Marine View Dr. S.

Event

The weather for the event was sunny and in the upper 70's. For this event, 19 officers were scheduled for public safety and traffic control with one being out sick the day of the event. In total, 18 officers and two command staff were on duty for the parade. There were several hundred spectators spanning the entire length of Marine View Dr. S. and approximately 50 parade entrants. There were no calls for service west of Marine View Dr. S. during the time of the parade closure. A vendor who identified himself to officers as the selected vendor to sell items on the parade route stated his concern that other unlicensed or unauthorized vendors were working the parade route. This was brought to our attention as the parade started so no effort was made to contact the possible unauthorized vendors. The reopening of Marine View Dr. S. worked well with two public works trucks staffed with two employees each. This allowed them to move immediately behind the parade and open up all driveways and assist with clearing intersections. They were followed by police vehicles to make certain no traffic attempted to pass them and gain access to the parade route before all cones and barricades had been removed.

Overall, the event appeared successful, the crowd was compliant and enjoyed the event, and there were no significant issues that required police intervention.

The PD had one vehicle damaged at the event as a visitor going to Judson Park backed into one of our vehicles twice. This resulted in approximately \$3200 in damage.

The total officer hours for the event were 62 for a total \$4,048.60, two additional command staff at 10 hours for a total \$589. The command staff hours calculated do not include planning and preparation for the event. The total police department expenditure is \$4,638.

Summary of Recommendations

- Hold the planning meeting during the beginning of June.
- Make certain there is a sufficient supply of cones and barricades for each intersection.
- Make certain the "no parking" signs are placed on the parade route a few days prior to the parade.
- Make certain all driveways and intersections are closed that allow access to Marine View Dr. S.
- Make certain all detour signs are properly set up.
- Post a notice in the 2800 block of Kent Des Moines Rd about the road closure at 16 Ave. S. and Kent Des Moines Rd. This may relieve some of the congestion on the detour route by allowing traffic to turn off prior to the closure.
- Move the parade check-in back to Highline College. This will allow the foot participants to be bused to the staging area at the Landmark, leaving their cars parked at the College.
- Increase the number of parade marshals in the staging area in an effort to keep foot traffic off Marine View Dr. S. until completely closed and monitor the movement of large floats.
- Post a sign at S. 240 St. and 16 Ave. S. for westbound traffic indicating the road is closed ahead. This may alleviate some of the traffic that has to be turned around and/or routed south into the neighborhood south of S. 240 St.
