

The City of Des Moines, Washington  
2012 Bond Quantity Worksheet (Effective April 2012) Update is based on BCI rates

Project \_\_\_\_\_ Date \_\_\_\_\_  
 Site address \_\_\_\_\_ Building permit no. \_\_\_\_\_  
 Plat name \_\_\_\_\_ ROW permit no. \_\_\_\_\_  
 Land Use Action (LUA) File Number. \_\_\_\_\_

Use the costs shown to fill in the items for the project. Use a blank space to add items that are not listed in this worksheet. This form must be submitted with the plans for approval by the City. Compute the quantities and subtotals for each section and the total cost at the end of the worksheet. Sign and date the completed worksheet on the last page.

	Cost	Unit	Adjacent and off-site work		New ROW and on-site work	
			Quantity	Total	Quantity	Total
