ALL CONTRACTORS DOING WORK IN THE CITY OF DES MOINES:

For all work done within the City of Des Moines, permits are required for all new construction, additions, and remodels as mandated by the following codes:

CODE AND ORDINANCE REQUIREMENTS (Currently Adopted Editions)

International Building Code
International Residential Code
International Mechanical Code
International Fire Code

Uniform Plumbing Code
State Requirements
Washington State Energy Code

Items requiring a Mechanical Permit include, but are not limited to, work involving:

Heating, ventilation, and cooling systems
Warm air systems
Venting of appliances
Duct Work
Commercial hoods and kitchen ventilation
Gas Piping Systems

All New Construction will require you to list and/or identify the manufacturer and AFUE characteristics of the furnace being installed. All ducts in unheated spaces will be insulated to an R-Value dictated by the Washington State Energy Code.

Items requiring a Plumbing Permit include, but are not limited to, commercial or residential work involving:

Installation of or replacement of Water Heaters
Installation or replacement of Spas, Hot Tubs, Whirlpools
Gas Piping Systems
Installation or replacement of sinks, basins, or bathtub/showers

Other permits may be required, depending on type of work being performed.

Please contact the Planning Building and Public Works Department at 206-870-7576 with any questions you have.
